CAREER ACCELERATOR PROGRAM
building for tomorrow

APPRENTICESHIP

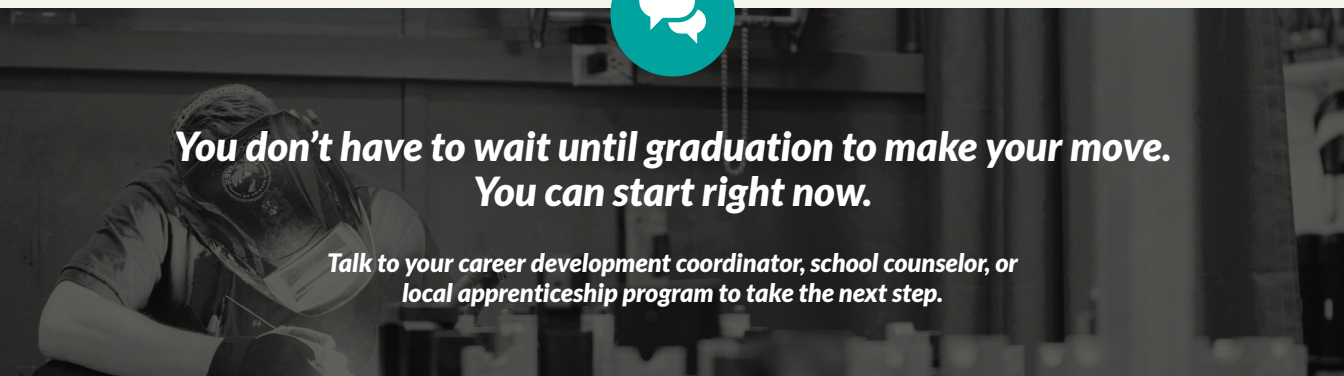
A unique opportunity to create your own future

RIGHT HERE IN ALAMANCE COUNTY...

...forward-thinking companies are looking for the next generation of leaders to step into key roles. They're seeking motivated high school juniors and seniors - like you - to invest in through an innovative program called ***apprenticeship***.

If accepted into a registered youth apprenticeship program, you'll get paid to learn skills in an exciting, in-demand industry.

Your training will be guided by experienced professionals who want to see you succeed. You'll go to college for free. You can even earn certifications and credentials that can open doors nationwide. And you'll be on the fast track to a rewarding career.



You don't have to wait until graduation to make your move. You can start right now.

Talk to your career development coordinator, school counselor, or local apprenticeship program to take the next step.

APPRENTICESHIP JUST MAKES SENSE

START NOW
Begin a career in high school.

AVOID DEBT
Enroll with zero cost. Finish with zero debt.

GET PAID
Bring home a paycheck for time at school and work, approximately 8,000 hours during the 4-year program.

GO TO COLLEGE
Graduate with an Associate in Applied Science Degree from Alamance Community College.

GET SKILLS
Earn certifications and credentials that are recognized nationwide.

LOCK DOWN YOUR FUTURE
Finish the apprenticeship program with a seamless transition into a full-time position.

MAKE BANK
Start your career with a competitive salary and opportunities for progressive pay raises.

STAND OUT
Show your friends and family that you've got direction and purpose.

GIVE BACK
Be positioned for leadership roles in the company and help train future apprentices.

APPRENTICESHIP IS ABOUT GROWTH

You'll learn how ideas become products and how raw materials become precision parts. You'll learn teamwork, collaboration, and responsibility. Apprenticeship allows you to dive into a specific industry that's interesting to you. From the start, you will get hands-on training using high-tech equipment in state-of-the art facilities.

Perhaps best of all, as an apprentice you'll be mentored by seasoned professionals who want to see you succeed in business and in life.

EXPLORE THE POSSIBILITIES

There are numerous opportunities for you to plug in, use your talents, and grow in a career with a bright future. Which of these skills and industries would you like to learn more about? Check all that you find interesting, and your career development coordinator, school counselor, or apprenticeship program can help you explore the possibilities.
